Muhammad Usman Khan
PhD Scholar, Zhejiang University (ZJU), China.

Muhammad Usman Khan is presently pursuing his doctoral studies, under the guidance of Professor Dr. Ming Ronnier Luo at the College of Optical Science and Engineering, ZJU. His research areas of focus encompass Image Quality Predictions, High Dynamic Range Imaging, Tone Mapping, Color Science, Computer Vision, Digital Image Processing, Watermarking.

He received his M.Sc. and M.Phil. degrees in 2011 and 2014, respectively, from the Department of Electronics at Quaid-i-Azam University.

During his M.Phil. studies, he was appointed as a Research Assistant for a research project funded by the higher Education Commission.

Following the completion of his M.Phil. degree, he served as a visiting faculty member at the same department, where he taught different courses to B.S. and M.Sc. Students from the fall 2014 to Spring 2016 semesters.

He has authored twelve research articles that have been featured in well-regarded international journals and conferences.
